2026

ABOUT US

MarveThabi
Consulting Engineers

MarveThabi Consulting Engineers (MCE) is a South African–based professional engineering and consulting firm delivering integrated solutions in Reliability Engineering, Asset Management, Electrical Engineering, Condition Monitoring, and Environmental Management.

The company was established to respond to the increasing demand for technically sound, compliant, and practical engineering solutions within the mining, industrial, utilities, and infrastructure sectors. MCE combines strong engineering fundamentals with extensive hands-on operational experience, enabling us to support clients across the entire asset lifecycle — from planning and design, through operation and maintenance, to optimisation and life-extension.

Our services are underpinned by data-driven decision-making, risk-based methodologies, and strict alignment with recognised industry standards and regulatory frameworks. We pride ourselves on delivering solutions that are not only technically robust but also practical, sustainable, and aligned with our clients' operational realities.

OUR CORE EXPERTISE

- RELIABILITY ENGINEERING
- ASSET MANAGEMENT
- ELECTRICAL ENGINEERING
- CONDITION MONITORING
- ENVIRONMENTAL MANAGEMENT

VISION

To be a leading multidisciplinary engineering consultancy in Africa, recognised for technical excellence, integrity, and sustainable value creation.

MISSION

To deliver compliant, reliable, and sustainable engineering and environmental management solutions that enhance asset performance, safety, and operational efficiency for our clients.

INTEGRITY

We act with honesty, transparency, and professional ethics in everything we do.

EXCELLENCE

We are committed to delivering high-quality solutions and continuous improvement.

PARTNERSHIP

We build strong relationships and work collaboratively with our clients and stakeholders.

SUSTAINABILITY

We promote solutions that are environmentally responsible and economically viable.

ENGINEERING SOLUTIONS. RELIABLE ASSETS. SUSTAINABLE FUTURES.

Driven by Expertise. Focused on Value.

OUR CORE VALUES

MarveThabi Consulting Engineers

Our values define how we conduct our business and deliver our services:

INTEGRITY

We act with honesty, professionalism, and accountability.

TECHNICAL EXCELLENCE

We apply sound engineering principles and recognised best practices.

SAFETY & COMPLIANCE

Safety, environmental responsibility, and compliance underpin all our work.

CLIENT PARTNERSHIP

We build long-term relationships through value-driven solutions.

CONTINUOUS IMPROVEMENT

We pursue innovation, learning, and continuous enhancement of our services.

OUR ACCREDITATION

We are committed to meeting the highest standards of quality, safety, and environmental management.

Our accreditations demonstrate our compliance with industry regulations and best practices.

ISO 9001
Quality Management

ISO 45001
Occupational Health and Safety

ISO 14001
Environmental Management

These accreditations reflect our ongoing commitment to excellence, sustainability, and stakeholder satisfaction.

OUR SERVICES

MarveThabi
Consulting Engineers

RELIABILITY ENGINEERING

MarveThabi Consulting Engineers assists organisations in improving asset reliability, availability, and maintainability through structured, data-driven reliability engineering methodologies. Our services are designed to reduce unplanned downtime, optimise maintenance effectiveness, manage operational risk, and extend asset life across the full asset lifecycle.

OUR RELIABILITY ENGINEERING SERVICES INCLUDE:

- **Reliability-Centred Maintenance (RCM)** facilitation and implementation
- **Asset Criticality Analysis** to prioritise assets based on risk, safety, cost, and production impact
- **Failure Modes and Effects Analysis (FMEA)** for proactive identification and mitigation of failure risks
- **Maintenance Strategy and Asset Tactics Development** aligned to operational objectives and business value
- **Root Cause Failure Analysis (RCFA)** to identify, analyse, and eliminate recurring and high-impact failures

Our approach ensures maintenance activities are technically sound, risk-based, and aligned with operational and business performance goals.

ASSET MANAGEMENT

Our Asset Management services are aligned with ISO 55000 principles and focus on optimising asset performance, risk, and lifecycle cost through a structured and integrated asset management approach. We support organisations in establishing sustainable asset management systems that improve decision-making, governance, and long-term asset value.

OUR ASSET MANAGEMENT SERVICES INCLUDE:

- **Asset Management Framework Development** aligned with ISO 55000 requirements
- **Maintenance Planning and Scheduling** to improve work execution, resource utilisation, and asset availability
- **Asset Registers and Asset Hierarchies** development to support effective planning, reporting, and lifecycle management
- **Lifecycle Costing and Risk Analysis** to support investment, replacement, and capital planning decisions
- **Asset Performance Measurement and Benchmarking** to enable continuous improvement and performance optimisation

Our asset management solutions integrate technical, financial, and risk considerations to ensure assets deliver maximum value throughout their lifecycle.

ELECTRICAL & ELECTRONIC ENGINEERING

MarveThabi
Consulting Engineers

MarveThabi Consulting Engineers provides professional electrical engineering services for industrial and commercial facilities, including:

- Electrical Infrastructure Design and Development
- Electrical Reticulation and Power Distribution Design
- Electrical Transmission and Distribution Design Support
- Municipal and Township Electrical Reticulation Design
- Street and Area Lighting Design
- Standby Power Systems Design (Generators and UPS)
- Lightning Protection and Earthing Design
- Voice and Data Infrastructure Design
- Access Control, Security and CCTV Systems Design
- Fire Detection and Alarm Systems Design
- Electrical Compliance and Technical Audits
- Project Engineering Support and Monitoring

CONDITION MONITORING

MarveThabi Consulting Engineers provides advanced condition monitoring services to support predictive and proactive maintenance strategies, enabling early fault detection, reduced unplanned downtime, and improved asset reliability.

Our Condition Monitoring services include:

- Vibration Analysis
- Oil Sampling and Oil Condition Analysis
- Infrared Thermography
- Motor Circuit Analysis (MCA)
- Transformer Condition Assessments
- Ultrasonic Testing
- Corrosion Monitoring
- Equipment Condition Assessments
- Diagnostic Reporting and Maintenance Recommendations

Non-Destructive Testing (NDT)

- Visual Testing (VT)
- Ultrasonic Testing (UT)
- Magnetic Particle Testing (MT)
- Liquid Penetrant Testing (PT)
- Radiographic Testing (RT)
- Eddy Current Testing (ECT)
- Thickness Measurement
- Hardness Testing
- Weld Inspection and Evaluation
- Integrity and Reliability Assessments

Early fault detection and diagnosis

Reduced unplanned downtime

Extended equipment life

Improved reliability and performance

www.marvethabi.co.za | info@marvethabi.co.za

ENVIRONMENTAL SERVICES

MarveThabi Consulting Engineers

MarveThabi Consulting Engineers provides integrated environmental management and specialist advisory services to support regulatory compliance, sustainable resource use, and responsible project development across the mining, industrial, utilities, and infrastructure sectors.

ENVIRONMENTAL RESOURCE MANAGEMENT

We support clients in the sustainable management of natural resources through:

- Water use licensing, water conservation, and demand management planning
- Integrated water and waste management planning
- Groundwater and surface water monitoring
- Environmental input into Environmental Impact Assessments (EIAs)

WASTE & EMISSIONS MANAGEMENT

Our services ensure effective waste control and emissions compliance, including:

- Waste licensing, classification, and integrated waste management plans
- Sewage plant performance audits
- Greenhouse gas management, carbon footprint calculations, and reporting
- Air quality management, dust fallout monitoring, atmospheric emission licensing, and noise monitoring

DATA-DRIVEN DECISIONS | EFFECTIVE WORK MANAGEMENT | OPTIMISED ASSET PERFORMANCE | IMPROVED RELIABILITY & AVAILABILITY | REDUCED DOWNTIME & COSTS | SUSTAINABLE OPERATIONS

www.marvethabi.co.za | info@marvethabi.co.za

ENVIRONMENTAL SERVICES

MarveThabi
Consulting Engineers

SPECIALIST ENVIRONMENTAL & HYDROGEOLOGICAL STUDIES

We conduct advanced technical studies to inform decision-making and project feasibility:

- Hydrogeological and environmental studies
- Borehole development, aquifer testing, and groundwater monitoring
- Geophysical surveys (resistivity, gravity, GPR)
- Geological and geotechnical services for exploration, resource estimation, and infrastructure support

ENVIRONMENTAL AUTHORISATIONS, PERMITS & LICENSING

We manage and support the full environmental approval lifecycle, including:

- Water Use Licence Applications (WULA)
- Environmental Management Programmes (EMPr)
- Waste permits and mining rights support
- Environmental Impact Assessments (EIAs) and public participation processes
- Mining closure and rehabilitation assessments

ENVIRONMENTAL COMPLIANCE, AUDITS & MONITORING

We assist organisations in maintaining compliance with environmental legislation through:

- Water use licence audits and waste audits
- Sewage plant performance audits
- Environmental Control Officer (ECO) services
- Ongoing environmental compliance monitoring

ENVIRONMENTAL REHABILITATION & RISK MANAGEMENT

We provide rehabilitation and remediation solutions focused on long-term sustainability:

- Rehabilitation and remedial action plans
- Contaminated land rehabilitation
- Rehabilitation strategy implementation and risk analysis
- Environmental risk assessment and planning

www.marvethabi.co.za | info@marvethabi.co.za

PROJECT MANAGEMENT & MINING SUPPORT SERVICES

MarveThabi Consulting Engineers

MarveThabi Consulting Engineers delivers integrated, reliable, and innovative engineering solutions across the mining value chain.

PROJECT DEVELOPMENT & PROJECT MANAGEMENT

MarveThabi Consulting Engineers provides comprehensive project development and project management services to support mining projects from concept through to commissioning and operational readiness. Our experienced project teams ensure projects are delivered safely, on schedule, within budget, and to the required quality standards.

OUR SERVICES INCLUDE

- Project Planning and Scheduling
- Project Management
- Owner's Engineer Services
- Engineering Management
- Project Controls
- Cost Estimation and Budget Management
- Contract Administration
- Procurement Support
- Tender Documentation and Evaluation
- Construction Management
- Quality Assurance and Quality Control (QA/QC)
- Site Supervision
- Risk Management
- Stakeholder Coordination
- Commissioning Management
- Operational Readiness Planning
- Technical Due Diligence
- Feasibility and Pre-feasibility Studies
- Independent Technical Reviews

MINING ENGINEERING SERVICES

MarveThabi Consulting Engineers provides professional mining engineering services that assist mining companies in designing, planning, developing, and optimising safe and productive mining operations. Our engineers work closely with clients to maximise resource recovery while maintaining operational efficiency and regulatory compliance.

OUR SERVICES INCLUDE

- Open Pit Mine Design
- Mine Planning
- Short-Term Mine Planning
- Medium-Term Mine Planning
- Long-Term Mine Planning
- Mine Scheduling
- Pit Optimisation
- Production Planning
- Drill and Blast Planning
- Haul Road Design
- Waste Dump Planning
- Mine Infrastructure Planning
- Ore Reserve Evaluation
- Production Monitoring
- Mining Contractor Management
- Mine Performance Improvement
- Mining Technical Advisory
- Mine Closure Planning
- Rehabilitation Planning

ENGINEERING PERSONNEL

- Mining Engineers
- Mine Planning Engineers
- Drill and Blast Engineers
- Production Engineers
- Mining Supervisors

PROJECT MANAGEMENT & MINING SUPPORT SERVICES

MarveThabi Consulting Engineers

MarveThabi Consulting Engineers delivers integrated, reliable, and innovative engineering solutions across the mining value chain.

GEOLOGICAL SERVICES

Our geological consulting services support mining companies throughout the exploration, resource definition, mine development, and production stages. We provide accurate geological information that enables informed operational and investment decisions.

OUR SERVICES INCLUDE

- Geological Mapping
- Exploration Support
- Core Logging
- Reverse Circulation (RC) Logging
- Geological Database Management
- Grade Control
- Ore Body Modelling
- Mineral Resource Estimation
- Resource Modelling
- Sampling Programmes
- QA/QC Management
- Geotechnical Logging
- Structural Geology
- Hydrogeological Investigations
- Geological Reporting
- Mineral Resource Evaluation

GEOLOGICAL PERSONNEL

- Exploration Geologists
- Mine Geologists
- Engineering Geologists
- Hydrogeologists
- GIS Specialists
- Geological Technicians

SURVEYING SERVICES

MarveThabi Consulting Engineers provides accurate surveying solutions to support mining development, construction, production, and mine planning. Our survey professionals utilise modern surveying technologies to deliver precise spatial data for informed decision-making.

OUR SERVICES INCLUDE

- Mine Surveying
- Topographical Surveys
- Boundary Surveys
- Engineering Surveys
- Control Network Establishment
- Volume Calculations
- Stockpile Surveys
- Open Pit Surveys
- Haul Road Surveys
- As-Built Surveys
- GPS Surveys
- Total Station Surveys
- Drone (UAV) Surveys
- Aerial Mapping
- Digital Terrain Modelling (DTM)
- Laser Scanning
- Progress Surveys
- Monthly Production Surveys

SURVEY PERSONNEL

- Mine Surveyors
- Engineering Surveyors
- Survey Technicians
- UAV (Drone) Pilots
- GIS Specialists

MARVELOUS NGOATLE
– Director

MarveThabi
Consulting Engineers

Marvelous Ngoatle is the Founder and Director of MarveThabi Consulting Engineers, with **over 14 years** of experience in Reliability Engineering, Asset Management, Condition Monitoring, and Electrical Engineering. He has extensive practical experience across mining, petrochemical, water treatment, and industrial environments, providing technical leadership in maintenance optimization, reliability improvement, and engineering solutions.

Marvelous holds a B-Tech Degree in Electrical Engineering and is registered with the **Engineering Council of South Africa** as a Professional Engineering Technologist. He is also a qualified Electrician with an Electrical Trade Test and Wireman's Licence. In addition, he is a Certified Thermographer and Motor Circuit Analyst, with strong expertise in condition monitoring and predictive maintenance technologies.

He has successfully led and managed projects involving vibration analysis, thermography analysis, transformer oil sampling and analysis, maintenance strategy development, asset management systems, electrical assessments, backup power solutions, and condition monitoring programs for various clients within the mining and industrial sectors.

Marvelous is passionate about helping organizations improve equipment reliability, reduce downtime, optimize maintenance costs, and enhance operational performance through innovative engineering solutions and best maintenance practices. He continues to drive the growth of MarveThabi Consulting Engineers by delivering professional, client-focused, and sustainable engineering solutions across South Africa and beyond.

QUALIFICATIONS & CERTIFICATIONS

- B-Tech Degree in Electrical Engineering
- Professional Engineering Technologist (Engineering Council of South Africa)
- Qualified Electrician (Electrical Trade Test & Wireman's Licence)
- Certified Thermographer
- Certified Motor Circuit Analyst

AREAS OF EXPERTISE

- Reliability Engineering
- Asset Management
- Condition Monitoring
- Predictive Maintenance
- Maintenance Strategy Development
- Electrical Engineering & Assessments
- Backup Power Solutions
- Vibration Analysis
- Thermography Analysis
- Transformer Oil Sampling & Analysis

IMPROVE RELIABILITY | REDUCE DOWNTIME | OPTIMIZE MAINTENANCE COSTS | ENHANCE PERFORMANCE | SUSTAINABLE SOLUTIONS

RELIABLE SOLUTIONS. OPTIMAL PERFORMANCE. SUSTAINABLE FUTURE.

THABANG NGOATLE
– Director

MarveThabi
Consulting Engineers

Thabang Ngoatle is the **Founder** and Director of MarveThabi Consulting Engineers, with **over 12 years** of professional experience in Environmental Management, Occupational Health and Safety, and Environmental Compliance. She has extensive experience in environmental consulting, project coordination, compliance monitoring, and implementation of sustainable environmental management practices across various industries.

Thabang holds a **Master of Science (MSc)** Degree in Environmental Management and is registered with the **South African Council for Natural Scientific Professions** as a **Professional Scientist**. She also holds a **SAMTRAC** qualification, demonstrating strong competence in occupational health, safety, and risk management systems. She is currently pursuing a **PhD in Geography** through the **University of South Africa**, further strengthening her academic and research expertise in environmental and geographical sciences.

Throughout her career, she has been involved in environmental impact assessments, environmental compliance audits, biomonitoring projects, environmental reporting, health and safety management, and sustainability initiatives. Her strong leadership and technical expertise contribute significantly to the successful delivery of environmental and compliance-related services within the organization.

Thabang is passionate about promoting sustainable development, environmental stewardship, and safe working environments. She continues to play a key role in the growth and strategic direction of MarveThabi Consulting Engineers by ensuring the company delivers professional, compliant, and sustainable solutions to its clients across South Africa and beyond.

QUALIFICATIONS & CERTIFICATIONS

- Master of Science (MSc) in Environmental Management
- Professional Scientist (South African Council for Natural Scientific Professions)
- SAMTRAC Qualification
- Currently pursuing PhD in Geography (University of South Africa)

AREAS OF EXPERTISE

- Environmental Management
- Environmental Compliance
- Environmental Impact Assessments
- Environmental Audits
- Biomonitoring Projects
- Health and Safety Management
- Sustainability Initiatives
- Risk Management Systems
- Environmental Reporting
- Project Coordination

ENVIRONMENTAL STEWARDSHIP | **HEALTH & SAFETY** | **SUSTAINABLE SOLUTIONS** | **COMPLIANCE & ACCOUNTABILITY** | **PROFESSIONAL EXCELLENCE**

SUSTAINABLE ENVIRONMENTS. SAFE WORKPLACES. BETTER FUTURES.

JONAS LUFULUABO

BUSINESS DEVELOPMENT MANAGER (DRC) & DIRECTOR

MarveThabi
Consulting Engineers

Jonas Lufuluabo is the Business Development Manager (DRC) and Director at MarveThabi Consulting Engineers, where he leads the company's business growth strategy and market expansion across the Democratic Republic of Congo. He holds a Bachelor's Degree in Computer Science and is Cisco Certified, providing a strong foundation in technology, digital solutions, and business systems.

With extensive experience in business development, client relationship management, strategic partnerships, and market expansion, Jonas plays a key role in identifying new business opportunities, establishing long-term relationships with mining companies, government institutions, and industrial clients, and positioning MarveThabi Consulting Engineers as a trusted engineering and consulting partner in the DRC.

He is responsible for driving commercial growth, developing strategic alliances, coordinating stakeholder engagement, negotiating business agreements, and supporting the successful delivery of projects from opportunity identification through contract award. His strong understanding of the Congolese business environment, combined with his ability to build lasting client relationships, enables the company to successfully navigate complex markets and expand its regional footprint.

Jonas is passionate about creating sustainable business opportunities, strengthening partnerships, and delivering value-driven solutions that support the growth objectives of both MarveThabi Consulting Engineers and its clients.

QUALIFICATIONS & CERTIFICATIONS

- Bachelor's Degree in Computer Science
- Cisco Certified

CORE COMPETENCIES

- Business Development & Growth Strategy
- Client Relationship Management
- Strategic Partnerships & Alliances
- Market Expansion & Opportunity Identification
- Stakeholder Engagement
- Contract Negotiation & Business Agreements
- Commercial Management
- Project Support from Opportunity to Contract Award
- Market Intelligence & Analysis
- Team Leadership & Coordination

BUILDING TRUST
Strong relationships built on integrity and reliability

CREATING OPPORTUNITIES
Identifying and unlocking new business potential for sustainable growth

DELIVERING VALUE
Providing solutions that drive long-term success for our clients
